Dear Mrs. Harlan:

Re: Proposed "Annexation No. 138"
to the City of Compton

At the meeting held on August 9, 1961, the County Boundary Commission reviewed the boundary description and map submitted by your City Engineer, Don W. Robins, with his letter of July 17, 1961, of the proposed annexation of territory to the City of Compton.

The boundaries submitted do not create corridors of unincorporated territory and conform with record lines. This proposed annexation consists of a portion of an existing island of unincorporated territory. Upon recommendation of the County Engineer, revisions were made in the boundary description to provide the definiteness and certainty intended under the provisions of Section 35002 of the Government Code.

With these revisions, the Boundary Commission approved the boundaries of the above proposed annexation. A copy of the approved revised legal description and a list of special districts involved are enclosed for your use.

Very truly yours,
